SMALLPOX.

At the present time Pikeville has two cases of smallpox, Mollie Thornsby and Mrs. W. E. Yost. The latter's husband has just recovered from an attack of the disease, and other cases exposed to him may possibly develop. The patients have been confined to their homes, but no guard has been stationed at either place, and people run unnecessary risks in passing.

Dr. J. W. Vickers is the health officer at the head of the Board of Health of Pikeville, and he has practically the entire management of the situation in his care. Although several cases are also reported as having developed at Elkhorn City, he does not think it necessary to take active measures to check its further spread.

BAPTIST MEETING.

The usual second Sunday meeting of Baptists under the leadership of Rev. N. T. Hopkins, took place in the open air just across the river last Saturday afternoon and Sunday, and the old-time congregation was present, including Baptists from every part of Pike, Floyd, Knott and Letcher counties. Several hundreds were present, and fine weather favored the occasion.

NEWLYWEDS HERE.

Mr. J. P. Mumaw and bride (who was formerly Miss Anna Griffith, daughter of civil engineer W. T. Griffith) arrived here from Pennsylvania last Saturday evening, and were happily greeted by the charitable boys Sunday evening.

They were married in Oshkosh, Wis., the former home of Miss Griffith.

COLLEGE STREET WEDDINGS.

Two weddings occurred on College street last week. These were Miss Roma Thornsby to Mr. Chas. Owens, and Miss Eva Ratliff to Mr. Elliott Huffman. Miss Thornsby is the daughter of Mr. and Mrs. Geo. Thornsby, and Mr. Owens is the brother of Patrick Owens, who owns the general store at the end of the street.

Miss Ratliff was formerly from Virginia, and niece of Mrs. J. E. Yost, of Pikeville, while Mr. Huffman is the son of W. T. Huffman, butcher and grocerman of this city.

BOND ELECTION.

An election will be held at the court house on Saturday, March 28, as a preliminary step to issuing bonds for the purpose of raising funds to purchase ground and erect a new public school building within the limits of the city of Pikeville. The total cost of such an undertaking will approximately be \$50,000; but the school is badly needed, as the one now in use is in a decayed condition, unsanitary, and too small to do justice to the army of young people now seeking education in our city. The time required to pay off these bonds extends over a long period of years, and the tax increase will be so small that the taxpayers will not feel the burden. Every citizen should gladly vote his approval of the measure and give the children of Pikeville and Pike county

the best chance, both of the present and the future, to acquire the education they must have in order to keep pace with the world.

The old building has seen twenty years of faithful service, and in that time it has well paid for itself, but the cost of constantly keeping it in repair is a needless expense that would not be necessary with the new school in use. The sale of it, with the grounds, which are now in a hopeless condition, would go far toward defraying the expense of the new one; besides, children cannot be properly educated unless they are surrounded with fitting play grounds as a means of recreation.

Let your vote be for the bonds.

TWO ACCIDENTS ON SHELBY.

A hand truck left the track and fell several feet over railway bridge No. 13 on Shelby creek last Thursday, and struck William G. Tackett, who was at work under the bridge. He was badly injured. Other men were on the truck when it went over the bridge, but so far as can be learned none of these were hurt.

Samuel Roberts was badly hurt while felling trees in the woods near Virgie, on Shelby creek, last Thursday. A large tree, which he was cutting down, fell upon him, and broke three of his ribs and collar bone. He may die from his injuries.

THE STRATFORDS.

The Stratford Quartet, vocalists and instrumentalists, and musicians of extraordinary ability, will appear in Lyceum interpretation at the Presbyterian church tomorrow evening, March 21st, at 7:30. This is an opportunity for Pikeville lovers of the best music to hear the master works of the world's best song writers interpreted by musicians of skill both in the vocal and instrumental field.

\$6,000 FOR CHILD'S EYE.

Carl Massey, aged four, recovered a verdict for \$6,000 against the Allegheny Coke Co. in the Circuit Court Tuesday afternoon for the loss of his eyes, which was said to have been caused by a blast when the company was preparing to build its tippie at Heller on January 2, 1913. A stone from the blast flew across the branch, passed through the window of the child's home and struck him on the side of the face. It is alleged, knocking out the eye. The attorneys for the plaintiff were Childers & Childers, Roscoe Vanover and A. L. Ratliff.

LETCHER COUNTY.

Whitesburg, Ky., March 17.—The Letcher Fiscal Court has been in session here for several days working out the problem of getting good model roadways throughout the county, also solving the matter of the further completion of the road between Mayking and Kona, six miles, making it a model in every sense of the word. It is said the necessary arrangements will be made looking to the very early completion of the Mayking-Kona road, and in a way that will make it an example for future road building in Eastern Kentucky. Justice William Blair has been circulating a petition praying for an election to be held to vote bonds to build good roads in every section of the county, and is meeting with splendid success. The whole of the Fiscal Court as well as the county officials are heartily in favor of good roads—in fact good roads enthusiasts, and will call an election to be held some time in May to vote the bonds. The matter will carry largely when it is thoroughly known that the corporations will pay at least 85 per cent of the taxes necessary.

Willie Sumpter, of Port Creek, who was arrested last week by Deputy Sheriff George Estep, charged with the murder of an Italian who it is alleged Sumpter beat to death with a horse shoe and a hammer at Neon in the coal fields, was given an examining trial before County Judge Henry T. Day Monday and bound over to await the action of the grand jury. Sumpter's bond was fixed at \$2000. The murder is said to have been without the slightest provocation. Sumpter is a member of a good family.

W. H. Potter, an extensive coal land owner of the vicinity of Matter, has leased a good boundary of coal to Louisville and Cincinnati operators who, according to an announcement, will start operations by April 1st. By August the shipping of coal is to be started. The work will be on the main line of the Lexington & Eastern railroad near mouth of Boone's Fork.

Mrs. Arminta Stacy, aged about 43, one of the best loved women of McRoberts, wife of James Stacy, formerly of Carr's Fork, died at McRoberts after a long illness of dropsy. Mrs. Stacy was a sister of Ira Kelley, an L. & E. brakeman, and Thomas Kelley, who is shipping clerk for the Consolidation Coal Co. at McRoberts. The remains were taken to Lot's Creek, Perry county, for interment.

A negro having a considerable supply of cocaine, the dangerous drug, on his person was arrested as Fleming by Squire James M. Wright and sent to jail here pending an investigation. The negro, it is said, had been selling the drug to other colored men, and had caused much trouble in the camps.

John Wiggins, wanted in Tennessee for housebreaking, was arrested on the Kentucky-Virginia border, and is being held to await regulation papers from that state. A liberal reward was offered for Wiggins' arrest.

At Leatherwood, on Letcher-Perry border, Kenton Cornett, a young farmer, was thrown from a horse and received serious injuries. The fall discharged the gun he was carrying and he was shot through the right foot, inflicting dangerous wounds. Physicians were called from here.

The Stuart Robinson College at Blackey in this county is meeting with splendid success, new students entering every day. The new school will do a great work for Letcher county and the mountains. Advice from Hindman, Knott county, state that the Mountain Training School will build a fine new school building, larger and more commodious, there in order to meet the ever-increasing attendance. Hindman and Knott county are alive to the needs of education and are doing everything in their power to enhance it.

Henry Bentley, son of County Court Clerk R. B. Bentley, is dangerously low of tuberculosis and it is not expected that he will survive much longer. He is a brother of Dr. J. M. Bentley.

CATARRH OF THE THROAT

Is Liable to Produce Catarrhal Deafness

CLARENCE BOWMAN.

A Case of Catarrhal Deafness.

Mrs. Wm. Bowman, R. F. D. 1, Coon Rapids, Iowa, writes:

"Some time ago I wrote you about my little boy, Clarence, five years of age. He was troubled with his ears. They were very sensitive to the touch, and he was quite deaf at times. He seemed to be worse after catching cold. I had taken him to doctors, but they did not seem to be able to relieve him, and I was very much afraid he would lose his hearing entirely. He was getting more deaf every day."

"I wrote to you for advice, and you prescribed Peruna. I began giving it to him, and can now say that he is entirely cured. He is now well and hearty and can hear perfectly."

Catarrh Causes Many Diseases.

Many diseases are caused by taking cold. A cold is very likely to settle in the nose, causing nasal catarrh. It may settle in the upper part of the throat, called the nasal pharyngeal space. In this space are two little tubes called eustachian tubes, that lead to the middle ear.

If the catarrh settles in the pharyngeal space it may follow the mucous membrane through the eustachian tubes into the middle ear. If it does it will cause noises in the ear, and later on be sure to cause deafness.

Catarrh of the throat may follow the eustachian tubes up into the middle ear without causing much concern on the part of the patient. The par-

otial loss of hearing is apt to be overlooked. A person may lose half his hearing before he knows it.

For instance, suppose a man can hear his watch four feet from the ear. If he loses his hearing to the extent that he can only hear the tick of his watch two feet from the ear he may not suspect it at all. His hearing is good enough for ordinary purposes. He goes on without the slightest suspicion that he is losing his hearing. He may have ringing in the ear, or cracking and snapping sounds in the ear, or a feeling of pressure in the ear, but he is not aware that he is losing his hearing.

Testing the Hearing.

It is a good thing to test your hearing with a watch. First hold the watch against your ear, then move it gradually away from the ear and see how far away from the watch you can actually hear it tick. Try it on the other side and see if both ears are alike. If you find that you are unable to hear the watch on both sides alike and at a distance of four feet from the ear, you may know that deafness has already begun. You should begin taking Peruna at once. Gargle the throat with cold, strong salt water, as directed in the "Ils of Life," sent free by Peruna Co., Columbus, Ohio. Persist in this treatment until a cure is effected.

The Best Way to Gargle.

Sometimes catarrh of the nasal pharyngeal space will cause an accumulation of secretions in the throat, that completely fill the space. Unless these secretions are promptly removed by frequent gargling, polyp may be formed. Once formed the polyp or adenoids, as they are sometimes called, will require a long time with the gargling to remove. Gargling according to the proper method will sometimes remove polyp or adenoids, and no surgical operation is required.

In order to understand exactly what is meant by proper gargling send for a free copy of the "Ils of Life."

During the whole course of gargling Peruna must be taken according to directions on the bottle.

People who object to liquid medicines can now obtain Peruna Tablets.
